

LERU STudent REseArch Mobility Programme (STREAM) Project proposal

Host University: Leiden University

Main Research Field (drop-down list): 13.1 Biology

Specified field, subject:

Ecology, Biochemistry, Biology

Research project title:

Evolutionary Developmental Biology

Possible starting month(s):

Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Possible duration in months:

Minimum : 3 months

Maximum: 2 semesters

Suitable for students in: Bachelor level Master level

Prerequisites:

- Preferably some experience with molecular biology.
- Minimum GPA 3.2 out of 4

Description:

We seek to understand the molecular and developmental basis of evolutionary change. As model organism we use the red flour beetle *Tribolium castaneum*. By comparing its development to *Drosophila* and other insects, we can infer what changes happened in the respective evolutionary lineages. Current research focuses on the role of the serosa, the immune defence and cell adhesion.

LERU STudent REseArch Mobility Programme (STREAM) Project proposal

Faculty: Science

Faculty Department: [Leiden Institute of Biology](#), Evolutionary Biology.

Deadline for nomination to reach host university:

1 April or else 1 October.

Notification of admission given by the end of:

Approximately 6 weeks after receipt of the application.

Additional information:

Number of placements available: 1 per semester.

The exact duration needs to be determined in consultation with the Research Project Supervisor.
